

G3 Kit Form Solutions

Put Down the Grease Gun and Lubricate Your Equipment While it Works

PROVEN QUALITY. LEADING TECHNOLOGY.

Automate Your Business

Out-of-the-Box Lubrication Kit with Everything You Need for Installation

Consistent Performance

Continually monitored on-board lubrication regardless of length of operational schedules—24 hours a day, 7 days a week, Graco can lube it.

Equipment Cost-Savings

Protect your equipment from contamination, over- or under-lubrication and mechanical failure caused by improper lubrication.

Predictable Maintenance

Allows longer time between scheduled maintenance to keep your equipment working on the site.

Safer Operation

Avoid breakdowns on the job site and schedule equipment repairs and regular maintenance in the shop.

Simple installation kits with everything you need right out of the box – no special tools required!

KOMATSU®

G3™ Electric Lubrication Pump

Temperature changes, changing grease types, and challenging installation requirements are no problem for the G3 electric lubrication pump. With its flexible design, including adjustable pump elements and an ability to work with both injector-based and series progressive systems, G3 is a rugged, cost-effective pump which will extend machinery life, reduce operating costs, and increase productivity.

GLC 2200 Controller

The GLC 2200 Controller is a workhorse. Designed with user-friendly features and benefits you can really use, like in-cab visual and audible alarms to ensure your equipment is lubricated properly. LEDs let you know what your system is doing at a glance and an easy-to-read digital display makes it simple to program and monitor your equipment.

MSP™ Metering Valves

Each kit has the correct metering devices included. No need to figure out lubrication rates or calculate line lengths. Precision machined, honed and match-fit in our own factory for top performance.

Hoses and Fittings

We've included everything for faster installations with no special tool required. No more searching around for each adapter and connector – you get everything in one box ready for your installer.
