SureStart™ & SureStart PLUS™ are 100% coverage...even labor

CertainTeed enhances your shingle warranty with the total assurance of SureStart™

All CertainTeed shingles carry standard SureStart protection, which fully covers your shingles in the event of a manufacturing defect during the vital early years following installation. Once the SureStart period ends you are covered for shingles only and at a reduced rate as the roof ages.

SureStart offers the best coverage you can get on your new roof and here is what it provides:

100% of materials

All shingles required to repair or replace the defective product will be provided free. No exceptions.

100% of labor

All labor required to repair defective shingles or apply new shingles to replace the defective shingles will be paid by CertainTeed, based on local fair market value for labor.

Additional costs

The cost of flashing, metal work, tear-off and disposal are included for shingles designated as Lifetime^A (See SureStart Chart).

Without prorating the costs

The cost of materials and labor are not prorated or otherwise reduced.

SureStart protection can be transferred!

The CertainTeed warranty with SureStart protection can be transferred from the original consumer to the subsequent property owner during the SureStart period for the remaining duration of the warranty.

SureStart protects you for 3, 5 or 10 years based on the shingles you select.
