

GENUINE GRACO PARTS AND ACCESSORIES

Level Sensor Adapter Kit 256261

406740A

To monitor level of spray material inside double wall hoppers.

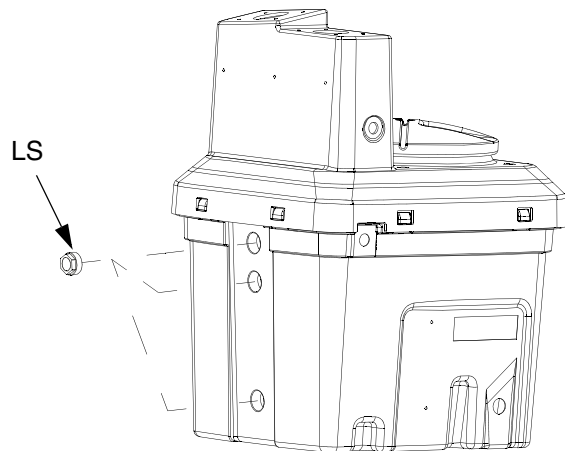

Important Safety Instructions

Read all warnings and instructions in manual 312747A. Save those instructions.

Ref.	Description	Qty.
1	ADAPTER, level sensor	3

Level sensor must be purchased separately. We recommend the 2 meter long 4-wire DC capacitive sensor from TURCK inc. (BCF10-S30-VN4X).

The surface of the spray material must be level without residue remaining on the inside wall of the hopper for the sensor to monitor level accurately.
